

Sticker Installation *Instructions*

Step 1: CLEAN

Clean and dry the inside of your windshield.

Step 2: LOCATE

Your sticker will be attached to the inside of the windshield in the upper left (driver) side. The GeauxPass will go two inches below the top edge of the windshield.

Step 3: STICK

Peel off the backing, position the GeauxPass with the adhesive to inside of upper left corner of the windshield. Use your hand to press and smooth the GeauxPass against the glass, so it sticks to the windshield.

Congratulations – your sticker GeauxPass is installed.

Sticker Tag Removal

To remove the GeauxPass sticker, pull it away from the windshield.
